Take America's Boating Course

For more information
on boating safety, go to
www.uscgboating.org
or call the U.S. Coast Guard
Infoline at 1-800-368-5647.

Remember:
**You're in Command.
Boat Safely!**

Brought to you by the U.S. Coast Guard.

America's Boating Course (ABC) is a new electronic, basic boating course produced through a partnership between the U.S. Coast Guard Auxiliary and the United States Power Squadrons®.

It's available online at www.AmericasBoatingCourse.com and on CD-ROM. You can study at your own pace... on your own time... any place you have a computer to use.

Both versions come with an easy-to-follow color manual, and something no other electronic boating course can offer you: a mentor throughout the course.

ABC is the only boating course...

- Jointly sponsored by the U.S. Coast Guard Auxiliary and the United States Power Squadrons, approved by the National Association of State Boating Law Administrators (NASBLA), and recognized by the U.S. Coast Guard.
- Including free assistance from an experienced local member of the U.S. Coast Guard Auxiliary or United States Power Squadrons.
- Available on the Internet, on CD-ROM, and (for those who prefer face-to-face interaction) as a classroom course.
- That includes a final course exam that meets most states' local boating education requirements.

What You'll Learn

- Knowing Your Boat
- Powerboats, Sailboats, and PWCs
- Filing a Float Plan
- Fueling and Maintaining Your Boat
- Trailering Your Boat
- Navigation Rules
- Navigation Lights
